PROJECT INFORMATION

All contractors shall use the Missouri One-Call services to locate all utilities prior to excavating within the right-of-way. All excavations shall be plated or filled to street level with AB3 at the end of each day. Please describe and check all that apply. The Permit application will not be processed until this is received. Attach a scale drawing of project area. The drawings will show all existing and proposed right-of-way, curb, sidewalk, trails, cycletracks, above and below ground facilities or appurtenances, and poles.
